MEDIA ADVISORY

For Tuesday, April 28

LOCAL RESIDENTS ADDRESS STATE, FEDERAL OFFICIALS ON WATER ISSUES

WHAT More than 200 Los Angeles area residents are expected to tell state and federal officials how they think the California Bay-Delta system should be managed, part of a 75 day public comment period that will impact the hub of California's water system and one of the largest estuaries in the world.

California's Bay-Delta system supplies drinking water for more than 22 million Californians and irrigation water for the state's \$24 billion agricultural industry. It supports more than 750 plant and animal species, some found nowhere else on earth. Years of conflict among urban, agricultural, environmental and other users have pushed the system to the brink of failure. SOUTHERN CALIFORNIANS HAVE A PARTICULAR STAKE IN FINDING A BAY-DELTA SOLUTION. INCLUDING:

- ➔ Will there be an impact on local water quality?
- ➔ How will water supply reliability be affected?
- ➔ How much will the solution cost and who will pay?

WHEN Tuesday, April 28, 1998
6 p.m. Information Session/Question & Answers
7 p.m. Public Hearing

WHO Local residents, business owners and elected officials
Representatives from state and federal agencies listed below

WHERE Burbank Fire Training Center, 1845 N. Ontario Street

The CALFED Bay-Delta Program is a collaborative effort among the state and federal governments and California's leading agricultural, urban and environmental interests to resolve the environmental and water management problems of the Bay-Delta system.
